EXAMINER'S AMENDMENT *Amdt/PTHP*

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Svetlana Z. Short on 08/09/2004.

The application has been amended as follows:

- In claim 10, on line 1, changed "according to any of the preceding claims" to -according to claim 1--.

Also in claim 10, changed "6.times.N" to -6 times N--.

- In claim 15, on line 1, changed "The photonic crystal" to -A photonic crystal--.

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the claims are allowable over prior art of record, because none of the references in alone or in combination discloses:

A photonic band-gap crystal optical waveguide comprising:

a photonic band-gap crystal having a pitch and; a defect, including a core, said defect having a boundary that encloses a plane cross section and a length

dimension perpendicular to the plane cross section, the defect boundary including a plurality of protrusions, as discloses in claims 1 and 15.

The structure of the optical waveguide as discloses in claims 1 and 15, is critically, since the waveguide having a core with very low refractive index, therefore the photonic band gap crystal optical waveguide has the low attenuation and small non-linear coefficient.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
